

1.	Field of study	Law in Business
2.	Faculty	Faculty of Law and Administration
3.	Academic year of entry	2024/2025 (winter term)
4.	Level of qualifications/degree	second-cycle studies
5.	Degree profile	general academic
6.	Mode of study	full-time

7.	General information about the module	
Module name	Entrepreneurship and innovation	
Module code	PI	
Number of the ECTS credits	2	
Language of instruction	Polish	
Purpose and description of the content of education	The purpose of the module is to present the implementation process for the production of a new or significantly improved product, service or production process, including undertaking new marketing activities and organizational changes, resulting in a different approach to work and the company's relationship with the external environment. The idea is that the student will learn about creative approaches in business management, particularly the ability to combine ideas uniquely or create a link between different ways of doing things. The goal is to forge an innovative approach to work and problem-solving in the operation of the enterprise.	
List of modules that must be completed before starting this module (if necessary)	not applicable
