3. Module description

Description	The course of the module pedagogical practice (internship) prepares for designing and implementing educational classes in the field of resocialization and sociotherapeutic work on the basis of familiarization with the needs and possibilities of educational subjects and their proper diagnosis. The subject allows for verification of theoretical knowledge in practice, inspires to learning and self-evaluation of oneself as a resocialization educationalist, prepares for future work in the practical dimension (formulating educational, correctional, preventive aims and tasks; preparing lesson scenarios and implementing them following the principle of individualization of education and resocialization influences, preparing educational aids, evaluating the classes, implementing self-control and self-evaluation of educational subjects) and to reflection in acting and upon acting.
Prerequisites	In the case of completing pedagogical practice at undergraduate studies in school or educational institutions, the required document should be submitted and the current internship should be implemented in the reduced number of hours (45) in such institutions as well as diagnostic or penitentiary institutions.
