_W_2	has deepened knowledge of the types of social bonds and the principles which rule them and which are important from the standpoint of resocialization processes	K_W07	3

3. Module description	
Description	The course of the module methods of creative resocialization familiarizes students with theoretical and practical knowledge concerning the assumptions of creative resocialization in Marek Konopczyński's approach, especially the methods and techniques used in creative resocialization. The module shapes the skills of applying the author's assumptions and of designing classes – programmes for application in various educational and resocialization environments.
Prerequisites	

4. Assessment of the learning outcomes of the module

code	type	description	learning outcomes of the module
_w_1	active participation in classes – ongoing verification	participation in conversational classes, active participation by factual and practical preparation for the assigned issue	_U_1, _U_2, _W_1
