

Learning outcomes of the programme:

1.	Field of study	Scientific Information and Library Science
2.	Academic year of entry	2018/2019 (winter term)
3.	Level of qualifications/degree	first-cycle studies
4.	Degree profile	general academic

Code of the learning outcome of the programme	Learning outcomes The graduate:	Codes of the learning outcomes of the areas of education to which the learning outcome of the programme is related
KNOWLEDGE		
K_W01	The graduate has a basic understanding of the place and importance of humanities in the system of sciences.	H1A_W01
K_W02	The graduate has a basic knowledge of the role of different types of actors (persons and institutions) in communication processes in the past and present.	H1A_W10
K_W03	The graduate has a basic orientation in the evolution of literature related to libraries in networks of cultural institutions and scientific institutions.	H1A_W09
K_W04	The graduate has a basic knowledge of the functioning of the various cultural and scientific institutions in society and the relations between them.	H1A_W10
K_W05	The graduate has a basic knowledge of the place of bibliography and information science in the system of sciences and the links with other disciplines.	H1A_W05
K_W06	The graduate knows and understands the directions of development of modern bibliography and information science.	H1A_W06
K_W07	The graduate knows the basic terminology of bibliography, library studies, and information science and related disciplines.	H1A_W02, H1A_W03
K_W08	The graduate knows and understands the basic methods of disposal of collections and mediation (search, collection, development and selection of information sources and analysis and interpretation of texts/messages).	H1A_W07
K_W09	The graduate is familiar with the basic methodology of the humanities and selected social sciences, whose methods are used in bibliography and information science.	H1A_W02, H1A_W03
K_W10	The graduate knows and understands the needs of different groups of participants of social life (educational, informational, compensatory, entertainment needs) and the organization of services supporting the development of culture and science.	H1A_W10
K_W11	The graduate knows and understands the basic concepts and principles of the applicable library law, intellectual property protection, health and safety regulations, administrative procedure and the labour code applicable to library activities.	H1A_W08
SKILLS		
K_U01	The graduate can apply basic theoretical knowledge from selected humanities and social sciences in recognising the research needs of bibliography and information science.	H1A_U01, H1A_U02
K_U02	The graduate can apply basic knowledge from bibliography and information science and other disciplines to improve the quality of work in institutions of the book.	H1A_U04
K_U03	The graduate can apply current international standards in terms of library, information and publishing work techniques.	H1A_U04
K_U04	The graduate can independently acquire knowledge and develop research skills using different types of sources and works of different authors.	H1A_U01, H1A_U03
K_U05	The graduate can speak and write in a precise and coherent manner on selected bibliological issues and scientific information using different theoretical and documentary views.	H1A_U02, H1A_U06, H1A_U08, H1A_U09
K_U06	The graduate has the ability to communicate interpersonally with various types of stakeholders of cultural and scientific institutions.	H1A_U07
K_U07	The graduate can communicate using different channels and communication techniques with users of cultural institutions.	H1A_U07
K_U08	The graduate has the ability to design and organise library work.	H1A_U04
K_U09	The graduate has the ability to animate work with different categories of clients of cultural institutions.	H1A_U04
K_U10	The graduate has elementary organisational skills, is able to take and assign tasks, allowing the design and undertaking professional activities.	H1A_U06, H1A_U07
K_U11	The graduate can use legal and ethical norms in library, information and publishing-related activities.	H1A_U04, H1A_U06
K_U12	The graduate can identify different types of cultural creations among the creations of human activity.	H1A_U05, H1A_U06

K_U13	The graduate can carry out a critical analysis and interpretation of cultural creations using methods specific to bibliology, information science and related disciplines.	H1A_U05, H1A_U06
K_U14	The graduate understands a simple foreign text (in a selected language) in the field of bibliology or scientific information.	H1A_U09, H1A_U10
SOCIAL COMPETENCES		
K_K01	The graduate knows the extent of their knowledge and skills, understands the need for lifelong education and professional development.	H1A_K01
K_K02	The graduate is open to new ideas, ready to change their mind in the light of the recent knowledge.	H1A_K01
K_K03	The graduate can independently perceive, analyse problems at work and formulate proposals for solving them.	H1A_K04
K_K04	The graduate can undertake professional team work in the field of their profession.	H1A_K02
K_K05	The graduate effectively organises their own work and critically assesses its level of advancement.	H1A_K03
K_K06	The graduate understands and adheres to the ethical codes related to the profession.	H1A_K04, H1A_K06
K_K07	The graduate shows motivation to cooperate and communicate with the environment, including non-bibliology and non-information science specialists.	H1A_K02, H1A_K04, H1A_K06
K_K08	The graduate is aware of the responsibility for preserving the cultural heritage of the region, the country and Europe.	H1A_K05
